

MACOMA PASSPORT OF RESEARCH MOBILITY

**Joint Ph.D. Programme in Marine and Coastal
Management**

1. This MACOMA Passport of Research Mobility is awarded to

1.Surname(s) :

2. First name(s):

PHOTO

3.Address(house number, street name, postcode, city, country):

4.Date of birth:

5.Nationality:

6.Signature of the holder:

2. This MACOMA Passport of Research Mobility is issued by

7. Name of the issuing organization : **University of Cadiz, Spain**

8. Sending Partner (organization initiating the research mobility experience): **MACOMA Consortium**

9. Name, type and address:

Joint Ph.D. Programme in Marine and Coastal Management (MACOMA)

Erasmus Mundus Joint Doctoral Programme

Address: Faculty of Marine and Environmental Sciences

Campus Puerto Real. 11519. Puerto Real. Cádiz. Spain

10. Surname(s) and first names of person

T. Angel del Valls Casillas

11.Title/position

Programme Coordinator

12.Telephone: +34 956016794; +34 956016764

13.e-mail:angel.valls@uca.es;
agua.mundus@uca.es,

14.Issuing data (dd.mm.yyyy) :

15. Signature:

(Stamp)

3. The Partner Organization of the MACOMA Research Mobility Experience N° 1.
First Academic year 2011-12

13. Host partner (organization receiving the holder of the MACONA Passport of research mobility):

University of Cadiz, Spain

Academic Year: Core and optional modules= 60 ECTS

14. Name, type and address of host partner:

University of Cadiz, Spain

Address: Faculty of Marine and Environmental Sciences

Campus Puerto Real. 11519. Puerto Real. Cádiz. Spain

15. Surname(s) and first names of coordinator:

T. Angel del Valls Casillas

16. Title/position

Full professor

17. Telephone:

+34 956016794

18. e-mail:

angel.valls@uca.es;

Duration of the MACOMA Research Mobility:

19. From: **dd,mm,yyyy**

20. To: **dd.mm.yyyy**

21. Score of the MACOMA Research Mobility (ECTS scale): **60 ECTS**

22. Additional requirement or conditions (special equipment, field work, observation data etc):

or 22. Grade (please use ECTS scale: A –F) :

23. Any comments from host partner:

24. Signature of the host coordinator:

T. Ángel del Valls Casillas

24.a. Signature of the Ph.D. candidate's supervisor:

25. Date of issue

(Stamp)

Explanatory note

MACOMA Passport of Research mobility is Ph.D. programme standard document, which records detail of the contents and the results – in terms of skills and competences or of academic achievements –of period that a Ph.D. student has spent in Institutions another than host University (other University, Enterprises, Research Center and others) for learning and research purpose. MACOMA Passport of Research Mobility designed on the base of ideas of EUROPASS facility.

3.a Description of the MACOMA Research Mobility experience N° 2a
1st Semester. (6 months). Second Academic Year 2012-13. Research Period

26. Host partner (organization receiving the holder of the MACONA Passport of research mobility):
University of

27. Name, type and address of host partner:

28. Surname(s) and first names of coordinator:

29. Title/position

30. Telephone:

31. e-mail:

Duration of the MACOMA Research Mobility:

32. From: **dd,mm,yyyy**

33. To: **dd.mm.yyyy**

34. Score of the MACOMA Research Mobility (ECTS scale): **30 ECTS**

35. Additional requirement or conditions (special equipment, field work, observation data etc):
or 36. Grade (please use ECTS scale: A –F) :

37. Any comments from host partner:

38. Signature of the host coordinator:
39. Date of issue

38.a. Signature of the Ph.D. candidate's supervisor:

(Stamp)

Objective(s) of the MACOMA Research Mobility:

40. Activities/research carried out during MACOMA Research Mobility :

Only like example:

- theoretical research (description of obtained skills and competences will be done in 3.b)
- laboratory experiment
- Participation in Workshop (information about activity will be done in 3.a (see 30 or 32)
-

41. Study visits (if possible, where):

42. Participation in Conferences, workshops, seminars without presentation (please indicate title, host institutions, duration):

43. Participation in Conferences, workshops, seminars with presentation(s) (please indicate title; host

institutions; title of presentation(s); indicate: oral or poster; others):

44. Publications preparing during MACOMA Research Mobility (please indicate title; where and when publication is planning to be published; others) :

45. Other information:

**3.b Description of skills and Competences Acquired During the MACOMA Research
Mobility experience N° 2a
1st Semester. (6 months). Second Academic Year 2012-13. Research Period**

46. Research/job related skills and competences acquired:

-
-
-
-
-

47. Organization skills and competences acquired (if not included under' point 30):

-
-
-

48. Computer skills and competences acquired (if not included under' point 30):

-
-
-

49. Language skills and competences acquired (if not included under' point 30):

-
-
-

50. Social skills and competences acquired (if not included under' point 30):

Duration of the MACOMA Research Mobility:

19. From: **01/10/2011**

20. To: **30/09/2012**

21. Score of the MACOMA Research Mobility (ECTS scale): **60 ECTS**

22. Additional requirement or conditions (special equipment, field work, observation data etc) or 23.
Grade (please use ECTS scale: A –F):

Modules completed at 1st academic year:

1. Science Communication. 9.5 (A)
 2. Sampling design laboratory, field and global surveys in scientific research. 9.5 (A)
 3. Groups working. 9 (B)
 4. Language module English writing for academic and research staff (Italian, Portuguese, Russian, Spanish). 8.9 (C)
 5. Seminar series for marine researchers – practitioners. 9 (B)
 6. Design and writing research projects (National and international, private and public funded). 10 (A)
 7. Modeling in research. Statistical routines for analysis of marine ecosystems. Data Analysis, statistical methods in marine and coastal management and research. 7 (D)
 8. Practical field study on marine and coastal management – especially visit to integrate the partners and students and disciplines. 10 (A)
 9. Field skills for natural sciences including research vessel work. 9.5 (A)
 10. Management of funded research projects. 9.7 (A)
 11. Scientific and Technical strategies for CO2 mitigation in littoral ecosystems: for a better climate. 10 (A)
 12. Weight of evidence assessment of Chemical contamination in aquatic ecosystems. 10 (A)
 13. Records and models of sea level and climatic change. 8 (C)
 14. Environmental indicators and indexes. 9 (B)
 15. Use of radioactive tracers for coastal and marine studies 10 (A)
 16. Trace metals in marine ecosystems. 10 (A)
 17. Conservation, planning and management in marine urban areas. 9.5 (A)
24. Signature of the host coordinator & Ph.D. candidate's supervisor:

Prof. Dr. T. Ángel del Valls Casillas

25. Date of issue: **15/10/2012**

Explanatory note

MACOMA Passport of Research mobility is Ph.D. programme standard document, which records detail of the contents and the results – in terms of skills and competences or of academic achievements –of period that a Ph.D. student has spent in Institutions another than host University (other University, Enterprises, Research Center and others) for learning and research purpose. MACOMA Passport of Research Mobility designed on the base of ideas of EUROPASS facility.

3.a Description of the MACOMA Research Mobility experience N° 2
Second Academic Year 2012-13. Research Period

26. Host partner (organization receiving the holder of the MACONA Passport of research mobility):
University of Cadiz

27. Name, type and address of host partner:

University of Cadiz, Spain

Address: Faculty of Marine and Environmental Sciences

Campus Puerto Real. 11519. Puerto Real. Cádiz. Spain

28. Surname(s) and first names of coordinator:

T. Angel del Valls Casillas

29. Title/position

Full professor

30. Telephone:

+34 956016794

31. e-mail:

angel.valls@uca.es

Duration of the MACOMA Research Mobility:

32. From: 01/10/2012

33. To: 30/09/2013

34. Score of the MACOMA Research Mobility (ECTS scale): **60 ECTS**

35. Additional requirement or conditions (special equipment, field work, observation data etc):

or 36. Grade (please use ECTS scale: A –F) :

CO2 bubbling system, sampling equipment.

37. Any comments from host partner:

38. Signature of the host coordinator & Ph.D. candidate's supervisor:

Prof. Dr. T. Ángel del Valls Casillas

39. Date of issue: 15/10/2013

Objective(s) of the MACOMA Research Mobility:

Integrated dredged material management

Develop computer tools for assessment of sediment quality which should be based on the weight-of-evidence methodologies.

**Effects of freshwater acidification on sediment quality.
Dredged material quality assessment.**

40. Activities/research carried out during MACOMA Research Mobility :

1. Analysis of sediment quality in the river San Francisco, Brazil using integrated methodology.

2. Two computer programs for integrated sediment quality assessment: one is based on the Spanish dredged material management framework and the other is the modification of the existing program (replacement of the statistical analysis component).

Elaboration of the research plan on freshwater acidification assessment induced by escape of the sequestered CO₂ from bottom sediments.

41. Study visits (if possible, where):

42. Participation in Conferences, workshops, seminars without presentation (please indicate title, host institutions, duration):

43. Participation in Conferences, workshops, seminars with presentation(s) (please indicate title; host institutions; title of presentation(s); indicate: oral or poster; others):

2 oral presentations at the International Congress on Environmental Modeling and Software “Managing Resources of a Limited Planet”, 1-5 July 2012, Leipzig, Germany

44. Publications preparing during MACOMA Research Mobility (please indicate title; where and when publication is planning to be published; others) :

2 peer-reviewed publications in the Congress proceedings as follows:

R. Seppelt, A.A. Voinov, S. Lange, D. Bankamp (Eds.) (2012): International Environmental Modelling and Software Society (iEMSs) 2012 International Congress on Environmental Modelling and Software Managing Resources of a Limited Planet: Pathways and Visions under Uncertainty, Sixth Biennial Meeting, Leipzig, Germany

<http://www.iemss.org/society/index.php/iemss-2012-proceedings>

ISBN: 978-88-9035-742-8

1. Weight-Of-Evidence-based Assessment of Sediment Quality of the São Francisco River (Brazil) with the Help of Software Tool SQA. Alla Khosrovyan, Maria Jose Salamanca Marin, André Moldenhauer Peret, Débora Fernandes de Almeida, T. Angel DelValls, Inmaculada Riba, pp. 2958-2965

2. DM2: A Software Tool for Dredged Material Characterization and Management. Alla Khosrovyan, Araceli Rodríguez-Romero, T. Angel DelValls, Inmaculada Riba, pp. 2701-2708

A. Khosrovyan, A. Rodríguez-Romero, M.J. Salamanca, T.A. Del Valls, I. Riba, F. Serrano. Comparative performances of eggs and embryos of sea urchin (*Paracentrotus lividus*) in toxicity bioassays used for assessment of marine sediment quality Marine Pollution Bulletin, Volume 70, Issues 1–2, 15 May 2013, Pages 204-209.

45. Other information:

**3.b Description of skills and Competences Acquired During the MACOMA Research
Mobility experience N° 2
Second Academic Year 2012-13. Research Period**

46. Research/job related skills and competences acquired:

Acquaintance with the new methodology on dredged material characterization and management.
Organization of work logistics (supplies for the toxicity tests).
Starter experience in the lab.

47. Organization skills and competences acquired (if not included under' point 30):

Work organization, risk management.

48. Computer skills and competences acquired (if not included under' point 30):

Incorporation of commercial statistical package into a user program using application interface provided by the commercial package.
Acquaintance with CO2 bubbling system, used for simulation of CO2 leak from sediment.

49. Language skills and competences acquired (if not included under' point 30):

Improving Spanish language skills

50. Social skills and competences acquired (if not included under' point 30):

- Involvement in EM Student and Alumni Association (EMA) as a Board Member and IT Coordinator of the Eurasian Chapter (addressing student/alumni needs from the former Soviet Union countries). The post was for 2 years.

Participation in the EMA Liaison Group meeting, Brussels to set up plans for the year ahead and prepare to the General Assembly (main governing body of EMA) meeting in June 2012.

51. Other skills and competences acquired (if not included under' point 30):

52.Date:

15/10/2013

53. Signature of the supervisor(s)

54. Signature of the holder

(Signature)

55. Position of supervisor: Full professor and Dr.

**3.e Description of the MACOMA Research Mobility experience N° 3a
1st Semester. (6 months). Third Academic Year 2013-14. Research Period**

71. Duration of the MACOMA Research Mobility:
From: 01/10/2013 To: 28/02/2014

72. Score of the MACOMA Research Mobility (ECTS scale): 30 ECTS

73. Additional requirement or conditions (special equipment, field work, observation data etc):
or 74. Grade (please use ECTS scale: A –F) :

CO2 injection system, sample collection equipment.

75. Any comments from host partner:

76. Signature of the host coordinator & Ph.D. candidate's supervisor:

(Stamp)

77. Date of issue: 25/11/2013

Objective(s) of the MACOMA Research Mobility:

Design and implement toxicity tests using CO2 system.
--

78. Activities/research carried out during MACOMA Research Mobility :
Two lab experiments.

79. Study visits (if possible, where):

80. Participation in Conferences, workshops, seminars without presentation (please indicate title, host institutions, duration):

81. Participation in Conferences, workshops, seminars with presentation(s) (please indicate title; host institutions; title of presentation(s); indicate: oral or poster; others):

82. Publications preparing during MACOMA Research Mobility (please indicate title; where and when publication is planning to be published; others):

A. Rodríguez-Romero, A. Khosrovyan, T.A. Del Valls, R. Obispo, F. Serrano, M. Conradi, I. Riba. Several benthic species can be used interchangeably in integrated sediment quality assessment. Ecotoxicology and Environmental Safety, Volume 92, 1 June 2013, Pages 281-288

83. Other information:

**3.f Description of skills and Competences Acquired During the MACOMA Research
Mobility experience N° 3a
1st Semester. (6 months). Third Academic Year 2013-14. Research Period**

84. Research/job related skills and competences acquired:

Lab experience, toxicological skills.

85. Organization skills and competences acquired (if not included under' point 30):

Risk management, logistics organization.

86. Computer skills and competences acquired (if not included under' point 30):

Some statistical techniques.

87. Language skills and competences acquired (if not included under' point 30):

Improving Spanish language skills.

88. Social skills and competences acquired (if not included under' point 30):

Involvement in EMA PhD network. The kick-off Skype meeting will take place on Nov. 28.
Participation in Negotiation seminar, organized by EMA and Oceans network, Brussels, Sept. 2013 (to develop negotiation skills).
Organization of EMA Day in Cadiz, October 7, 2013 (EMA initiative held worldwide in a particular day of a year when local Erasmus students and alumni get together to chat, establish or strengthen ties and friendly relationships).

89. Other skills and competences acquired (if not included under' point 30):

90.Date:

25/11/2013
